Company Overview:

Founded in 1997, Fortrex Technologies began with one customer and a mission to be our clients' long-term, trusted security and risk management advisor. Today, over 1,000 customers representing a wide range of market segments, including banking, retail, healthcare, and SaaS providers, all enjoy the same benefits that our first customer experienced.

Our handpicked team ensures every customer confidentiality, integrity, and availability through world-class, enterprise-wide information security services and solutions that are scalable, repeatable, and affordable. Our experience has established us as an authoritative resource for PCI DSS, HIPAA/HITECH, and vendor due diligence, as well as other standards, frameworks, and regulations.

In working with Fortrex, you will participate in transforming challenging technical issues into logical business objectives. In a world of technological change, Fortrex helps you to take control
